HOLIDAY SEASON IN PANAMA
New Year at Panama's Canopy Tower
December 22, 2011—January 3, 2012

Following a very successful five days of birding on the **Christmas at El Valle's Canopy Lodge Pre-trip**, the **Holiday Season in Panama** tour participants prepared to celebrate the New Year with a week of exotic tropical birding at Panama's Canopy Tower. The Canopy Tower is situated in the middle of a vast swath of protected forest near a great diversity of habitats, allowing us to see a large variety of birds in a short period of time.

Our New Year at Canopy Tower trip began with sunrise and coffee on the elevated deck surrounding the top of the tower. After warmly welcoming the four new participants joining the tour, we all began excitedly watching as the treetops came alive with birds. First in the scope was a Scaled Pigeon whose bright red bill and breast feathers with white central spots and prominent black edging stood out in the early morning sun. Next, a pair of Keel-billed Toucans flew into a nearby leafless tree and began their typical call of endlessly repeated grunting and croaking while bobbing and tossing their heads from side to side with each note. A pair of parrots flew by before landing high up in a tree. The scope confirmed they were Red-lored Parrots by the small red area on the forehead. A small group of Scarlet-Rumped Caciques demanded our attention as they noisily fed in the *Cecropia* trees around the tower. The dawn chorus, the sunrise, the birds, the view of the surrounding forest bordering up to the Panama Canal, and the Panama City landscape all contributed to an exciting start of our tour.

After breakfast we strolled down the entrance road to the Canopy Tower, which has forest on both sides. We got fantastic views of Gartered Trogon, Broad-billed Motmot, and Black-breasted Puffbird. The latter species range is restricted from Central Panama to Northwest Ecuador; therefore, it is always a highly prized bird to see. We also managed to see great views of another range-restricted species on our walk. The Black-bellied Wren, known only from Costa Rica to Western Colombia, is usually the most difficult *Thryothorus* Wren to observe. This encounter was no exception; however, it did happen to wander into the open a few times from the dense undergrowth of a thicket nearby. A pair of Crimson-bellied Woodpeckers were much more accommodating as they climbed out in the open on the trunks and large branches to feed. Another noteworthy sighting came when a Green Shrike-Vireo joined a mixed-flock and descended much lower than its usual habit of remaining high in the forest canopy. This brightly colored but difficult to see species fed out in the open mid-canopy as we looked on in admiration. After lunch we visited an area close by known as Ammo Dump Ponds. This open marsh habitat proved to be very productive. Highlights included an up-close look at Greater Ani and Yellow-tailed Oriole. We had textbook looks at various Tyrant Flycatchers including Panama Flycatcher, Lesser Kiskadee, and Streaked Flycatcher. Our only view of a Blue Cotinga was here—a scoped female perched atop an open snag in the distance.

The next day we made an all-day outing to an area in the foothills known as Cerro Azul. Here, on a short walk along the road, we had great views of Song Wren, Olivaceous Woodcreeper, and a flock of Carmiol's Tanager. Last year we visited the private residence of Bill and Claudia, an American couple who had recently moved to Panama and begun to put out hummingbird and banana feeders. It was such a productive visit that I decided to return

this year. It proved to be even better now that Bill and Claudia have maintained their feeders for the past year. In their garden alone we saw well over 30 species of birds. There were no less than 11 species of hummingbirds, which included Violet-headed and Violet-capped hummingbirds, and Rufous-crested Coquette. Various species of birds came to the banana feeders including Bay-headed and Golden-hooded tanagers, Green and Red-legged honeycreepers, and Thick-billed Euphonia, while a pair of Speckled Tanagers fed in a nearby melastome tree. Both Black-cheeked and Red-crowned woodpeckers frequently visited the banana feeders, but the grand reward of the garden came when a Stripe-cheeked Woodpecker made an appearance. This species, which is uncommon and local to humid forest, is found only in Panama. Needless to say, it caused quite the excitement as it quietly and inconspicuously flew in and landed in the tree directly in front of us.

Another all-day outing found us heading towards Colon on Panama's Atlantic coast and crossing the locks to the west side of the canal. We stopped the bus to look at a pair of White-tailed Trogons posing for us on the wire before reaching our first stop on Achiote Road. Here we had Brown-hooded Parrots perched in a nearby tree, and later Mealy Parrot in the scope. Black-breasted Puffbird made another appearance, while Collared Aracari and Keel-billed Toucans frequently flew from tree to tree. White-headed Wren, known only from Central Panama to Western Colombia, foraged along the forest border before sitting out in the open. We enjoyed a taste of local coffee and pastries before taking a short hike on Trogon Trail where we had great looks at a pair of White-whiskered Puffbirds and Black-striped Woodcreeper. After a lunch break and a visit to the scenic and historical site of Fort Lorenzo, we made a brief stop to watch Golden-collared Manakins displaying on a lek. We ended the day by boarding a train in Colon for the 50-mile journey across the isthmus and along the canal. From the slow-moving train we watched numerous Snail Kites as we took in the beautiful scenery.

We spent the next morning at Summit Ponds and Old Gamboa Road. The ponds proved to be exceptionally productive as we watched Amazon, Green, and American Pygmy kingfishers feeding just a few feet away. A Cocoli Heron landed on top of a tree and posed for some time before moving on. We also enjoyed seeing scoped views of Boat-billed Herons on a day roost. Leaving the ponds and hiking along Old Gamboa Road, we witnessed a mixed-flock with Plain Xenops, Plain-brown Woodcreeper, Northern-barred Woodcreeper, Fasciated Antshrike, Brown-capped Tyrannulet, Ruddy-tailed Flycatcher, Rufous-breasted Wren, Gray-headed Tanager, and Fulvous-vented Euphonia, just to name a few! Later we had a nice look at Scarlet-rumped and Yellow-rumped caciques, plus Slaty-tailed Trogon. A Tiny Hawk flew in just over our heads and perched in the dense undergrowth, yet we managed to scope it for all to see. Here we also had scoped views of Spectacled Owl on a day roost. After lunch we hiked along Old Plantation Road, where we came across a pair of Lineated Woodpeckers, a flock of Black-chested Jays, and watched an incredible show of Geoffroy's tamarins circling in the trees around us.

What better way to start the New Year than hiking along Pipeline Road in the Soberania National Park, arguably the most famous birding road in the world? A Chestnut-mandibled Toucan perched overhead while a mixed flock fed along the road. In the flock were Spot-crowned Antvireo, and Moustached, Checker-throated, and White-flanked antwrens. It took some concentration, but perseverance got most everyone on the tiny two-and-three-quarter-inch Black-capped Pygmy-Tyrant. One of the most memorable moments came as we watched a Streak-chested Antpitta singing in the understory. Watching this plump, short-

tailed, very long-legged terrestrial forest bird was a great way to bring in the New Year. An added bonus came in the afternoon when we visited the Mira Flores Locks of the Panama Canal to watch ships transit the locks and spend time in the recently built visitor center.

Our last full day was spent in the early morning at Metropolitan Park. First up was a Common Potoo sitting on a day perch, followed by a Whooping Motmot hunting butterflies nearby. As we hiked on one of the park's trails, we came across a mixed-flock with Western-Slaty Antshrike, Cocoa Woodcreeper, Dot-winged Antwren, Dusky Antbird, Golden-fronted Greenlet, and various others, yet the showstopper was the Yellow-green Tyrannulet. The species endemic to Panama can be readily confused with a number of species, but shape and behavior help to distinguish it. Fortunately for us, it was down low and close to the trail allowing us to witness its rather conspicuous white eye ring, and long tail held cocked in a manner reminiscent of a gnatcatcher. And to leave no doubt, it frequently sang. To add to the excitement, below the flock a Rosy Thrush-Tanager presented itself along with a White-bellied Antbird!

The afternoon was spent returning to Pipeline Road and birding around the Discovery Center, which included enjoying the magnificent view of the forest canopy from the 100-foot-high Observation Tower. Tucked in the shade of the forest canopy sat two Pied Puffbirds, which we gladly viewed since we had missed them on Achiote Road. Other noteworthy sightings at the Discovery Center were Long-billed Hermit, Violet-bellied Hummingbird, Blue-chested Hummingbird, White-tailed Trogon, and White-winged Becard. As we were leaving, we spotted a Little Tinamou resting under a small shrub near the road. This was the second tinamou for the day since we had seen the Great Tinamou along the entrance road to Canopy Tower on our way to the Discovery Center.

It was evident from the first morning that this would be no ordinary holiday. The customary and common were replaced with exceptionally special and wonderfully unexpected moments! It is no wonder that VENT's **Holiday Season in Panama** has been consistently in demand by those seeking something extraordinary.

Itinerary

December 27,2012	Transfer from Canopy Lodge for pre-trip participants and arrival for newcomers.
December 28,2012	Early morning birding from Tower, after breakfast birding along Semaphore Hill, afternoon spent birding at Canopy Bed and Breakfast and Ammo Dump Ponds.
December 29, 2012	Day Trip to Cerro Azul, which included Bill and Claudia's bird garden, lunch at Carl and Rosabel's, and afternoon birding Cerro Jefe.
December 30, 2012	Day Trip to Caribbean side of Panama and Achiote Road, lunch at San Lorenzo with afternoon birding in nearby forest, returned by trans-continental train ride back to Pacific side of Panama.
December 31,2012	Morning spent Birding at Summit Ponds and Old Gamboa Road, Afternoon birding at Old Plantation Road.

January 1, 2012	Spent morning birding at infamous Pipeline Road, afternoon visited Mira Flores Locks and Visitor Center with birding stop at Summit Golf, plus Night Ride for Nightbirds and Mammals.
January 2, 2012	Morning spent birding at Parque Natural Metropolitano (Metro Park), afternoon birding at Pipeline Road including the spectacular views and sights from atop the Discovery Center Birding Tower.
January 3, 2012	Departures for home.

BIRD LIST

Tinamous

Great Tinamou
Little Tinamou

Tinamidae

Tinamus major
Crypturellus soui

Ducks, Geese & Swans

Black-bellied Whistling-Duck

Anatidae

Dendrocygna autumnalis

Guans & Chachalacas

Gray-headed Chachalaca

Cracidae

Ortalis cinereiceps

Pelicans

Brown Pelican

Pelecanidae

Pelecanus occidentalis

Cormorants

Neotropic cormorant

Phalacrocoracidae

Phalacrocorax brasilianus

Anhingas

Anhinga

Anhingidae

Anhinga anhinga

Frigatebirds

Magnificent Frigatebird

Fregatidae

Fregata magnificens

Hérons, Egrets, & bitterns

Least Bittern (guides only)
Great Blue Heron
Cocoi Heron
Great Egret
Snowy Egret
Little Blue Heron
Tricolored Heron
Cattle Egret
Green Heron
Striated Heron
Boat-billed Heron

Ardeidae

Ixobrychus exilis
Ardea herodias
Ardea cocoi
Ardea alba
Egretta thula
Egretta caerulea
Egretta tricolor
Bubulcus ibis
Butorides virescens
Butorides striata
Cochlearius

New World Vultures

Black Vulture
Turkey Vulture
King Vulture

Osprey

Osprey

Hawks, Eagles, & Kites

Snail Kite
Northern Harrier
Semiplumbeous Hawk
Common Black-Hawk
Broad-winged Hawk
Gray Hawk
Short-tailed Hawk

Falcons & Caracaras

Crested Caracara
Yellow-headed Caracara
Bat Falcon
Peregrine Falcon

Rails, Gallinules & Coots

White-throated Crake
Gray-necked Wood-Rail

Purple Gallinule
Common Moorhen

Limpkin

Limpkin

Plovers & Lapwings

Southern Lapwing

Jacanas

Wattled Jacana

Sandpipers & allies

Spotted Sandpiper
Willet
Whimbrel

Gulls & Terns

Laughing Gull

Cathartidae

Coragyps atratus Seen daily
Cathartes aura Seen daily
Sacoramphus papa

Pandionidae

Numenius phaeopus

Laridae

Larus atricilla

Black Tern
Sandwich Tern

Doves & Pigeons

Rock Pigeon
Pale-vented Pigeon
Scaled Pigeon
Short-billed Pigeon
Ruddy Ground-Dove
White-tipped Dove
Gray-chested Dove

Parrots, Macaws, & Allies

Orange-chinned Parakeet
Brown-hooded Parrot
Blue-headed Parrot
Red-lored Parrot
Mealy Parrot

Cuckoos

Squirrel Cuckoo
Smooth-billed Ani
Groove-Billed Ani

Typical Owls

Spectacled Owl

Potoos

Common Potoo

Swifts

White-collared Swift
Short-tailed Swift
Band-rumped Swift
Lesser Swallow-tailed Swift

Hummingbirds

Rufous-breasted Hermit
Green Hermit
Long-billed Hermit
Stripe-throated Hermit
White-necked Jacobin
Brown Violetear
White-necked Jacobin
Black-throated Mango
Violet-headed Hummingbird
Rufous-crested Coquette

Chlidonias niger
Thalasseus sandvicensis

Columbidae

Columba livia
Patagioenas cayennensis
Patagioenas speciosa
Patagioenas nigrirostris
Columbina talpacoti
Leptotila verreauxi
Leptotila cassini

Psittacidae

Brotogeris jugularis
Pionopsitta haematotis
Pionus menstruus
Amazona autumnalis
Amazona farinosa

Cuculidae

Piaya cayana
Crotophaga ani
Crotophaga sulcirostris

Strigidae

Pulsatrix perspicillata

Nyctibiidae

Nyctibius griseus

Apodidae

Streptoprocne zonaris
Chaetura brachyura
Chaetura spinicaudus
Panyptila cayennensis

Trochilidae

Glaucis hirsutus
Phaethornis guy
Phaethornis longirostris
Phaethornis striigularis
Florisuga mellivora
Colibri delphinae
Florisuga mellivora
Anthracothonax nigricollis
Klais guimeti
Lophornis delattrei

Violet-crowned Woodnymph
Violet-bellied Hummingbird
Sapphire-throated Hummingbird
Violet-capped Hummingbird
Blue-chested Hummingbird
Snowy-bellied Hummingbird
Rufous-tailed Hummingbird
White-vented Plumeleteer
Bronze-tailed Plumeleteer

Trogons

White-tailed Trogon
Gartered Trogon
Black-throated Trogon
Black-tailed Trogon
Slaty-tailed Trogon

Motmots

Whooping Motmot
Rufous Motmot
Broad-billed Motmot

Kingfishers

Ringed Kingfisher
Amazon Kingfisher
Green Kingfisher
American Pygmy Kingfisher

Puffbirds

White-necked Puffbird
Black-breasted Puffbird
Pied Puffbird
White-whiskered Puffbird

Toucans

Blue-throated Toucanet
Collared Aracari
Keel-billed Toucan
Chestnut-mandibled Toucan

Woodpeckers & Allies

Black-cheeked Woodpecker
Red-crowned Woodpecker
Stripe-cheeked Woodpecker (E)
Cinnamon Woodpecker
Lineated Woodpecker
Crimson-crested Woodpecker

Thalurania colombica
Damophila julie
Lepidopyga coeruleogularis
Goldmania violiceps
Amazilia amabilis
Amazilia edward
Amazilia tzacatl
Chalybura buffonii
Chalybura urochrysa

Trogonidae

Trogon viridis
Trogon violaceus
Trogon rufus
Trogon melanurus
Trogon massena

Momotidae

Momotus subrufescens
Baryphthengus martii
Electron platyrhynchum

Alcedinidae

Megaceryle torquatus
Chloroceryle amazona
Chloroceryle americana
Chloroceryle aenea

Bucconidae

Notharchus macrorhynchos
Notharchus pectoralis
Notharchus tectus
Malacoptila panamensis

Ramphastidae

Aulacorhynchus prasinus
Pteroglossus torquatus
Ramphastos sulfuratus
Ramphastos swainsonii

Picidae

Melanerpes pucherani
Melanerpes rubricapillus
Piculus callopterus
Celeus loricatus
Dryocopus lineatus
Campephilus melanoleucos

Ovenbirds & Woodcreepers

Plain Xenops
 Plain-brown Woodcreeper
 Olivaceous Woodcreeper
 Northern Barred-Woodcreeper
 Cocoa Woodcreeper
 Black-striped Woodcreeper

Typical Antbirds

Fasciated Antshrike
 Great Antshrike
 Barred Antshrike
 Western Slaty-Antshrike
 Spot-crowned Antwren
 Checker-throated Antwren
 White-flanked Antwren
 Dot-winged Antwren
 Dusky Antbird
 Jet Antbird
 White-bellied Antbird
 Spotted Antbird

Antthrushes & Antpittas

Black-faced Antthrush

Antpittas

Streak-chested Antpitta

Tyrant Flycatchers

Brown-capped Tyrannulet
 Southern Beardless- Tyrannulet
 Yellow-crowned Tyrannulet
 Forest Elaenia
 Gray Elaenia
 Greenish Elaenia
 Yellow-bellied Elaenia
 Yellow-green Tyrannulet (E)
 Paltry Tyrannulet
 Black-capped Pygmy-Tyrant
 Southern Bentbill
 Common Tody-Flycatcher
 Yellow-olive Flycatcher
 White-throated Spadebill
 Ruddy-tailed Flycatcher
 Eastern Wood-Pewee
 Acadian Flycatcher
 Bright-rumped Attila

Furnariidae

Xenops minutus
 Dendrocincia fuliginosa
 Sittasomus griseicapillus
 Dendrocolaptes sanctithomae
 Xiphorhynchus susurrans
 Xiphorhynchus lachrymosus

Thamnophilidae

Cymbilaimus lineatus
 Taraba major
 Thamnophilus doliatus
 Thamnophilus antrinuch
 Dysithamnus puncticeps
 Myrmotherula fulviventris
 Myrmotherula axillaries
 Microrhophias quixensis
 Cercomacra tyrannina
 Ceromacra tyrannina
 Myrmeciza longipes
 Hylophylax naevioides

Formicariidae

Formicarius analis

Grallaridae

Hylopezus analis

Tyrannidae

Ornithion brunneicapillus
 Camptostoma obsoletum
 Tyrannulus elatus
 Myiopagis gaimardii
 Myiopagis caniceps
 Myiopagis viridicata
 Elaenia flavogaster
 Phylloscartes superciliaris
 Zimmerius villssimus
 Myiornis atricapillus
 Oncostoma olivaceum
 Todiostrostrum cinereum
 Tolmomyias sulphurescens
 Platyrinchus mystaceus
 Terenotriccus erythrurus
 Contopus virens
 Empidonax virescens
 Attila spadiceus

Dusky-capped Flycatcher
Panama Flycatcher
Great Crested Flycatcher
Lesser Kiskadee
Great Kiskadee
Boat-billed Flycatcher
Rusty-margined Flycatcher
Social Flycatcher
Streaked Flycatcher
Tropical Kingbird
Fork-tailed Flycatcher

Genera incertae sedis

Thrush-like Schiffornis
White-winged Becard
Masked Tityra

Cotingas

Blue Cotinga
Purple-throated Fruitcrow

Manakins

Golden-collared Manakin
Lance-tailed Manakin

Blue-crowned Manakin
Red-capped Manakin

Vireos & Allies

Golden-fronted Greenlet
Lesser Greenlet
Green Shrike-Vireo

Crows, Jays, & Magpies

Black-chested Jay

Swallows

Gray-breasted Martin
Mangrove Swallow
Southern Rough-winged Swallow

Wrens

White-headed Wren
Black-bellied Wren
Rufous-breasted Wren
Rufous-and-White Wren
Buff-breasted Wren

Myiarchus tuberculifer
Myiarchus panamensis
Myiarchus crinitus
Pitangus lictor
Pitangus sulphuratus
Megarynchus pitangua
Myiozetetes cayanensis
Myiozetetes similis
Myiodynastes maculatus
Tyrannus melancholicus
Tyrannus savanna

Schiffornis turdina
Pachyramphus polychopterus
Tityra semifasciata

Contingidae

Continga natteririi
Querula purpurata

Pipridae

Manacus vitellinus
Chiroxiphia lanceolata

Pipra coronata
Pipra mentalis

Vireonidae

Hylophilus aurantiifrons
Hylophilus decurtatus
Vireolanus pulchellus

Corvidae

Cyanocorax affinis

Hirundinidae

Progne chalybea
Tachycineta albilinea
Stelgidopteryx ruficollis

Troglodytidae

Campylorhynch albobrunneus
Thryothorus fasciatoventris
Thryothorus rutilus
Thryothorus rufalbus
Thryothorus leucotis

Bay Wren
Song Wren

Gnatcatchers

Long-billed Gnatwren
Tropical Gnatcatcher

Thrushes & Allies

Clay-colored Robin

Mockingbirds & Thrashers

Tropical Mockingbird (I)

New World Warblers

Tennessee Warbler
Yellow Warbler
Chestnut-sided Warbler
Bay-breasted Warbler
Black-and-White Warbler
American Redstart
Kentucky Warbler

Genus incertae sedis

Bananaquit

Tanagers & Allies

Rosy Thrush-Tanager
Gray-headed Tanager
White-shouldered Tanager
Crimson-backed Tanager
Blue-gray Tanager
Palm Tanager
Plain-colored Tanager
Speckled Tanager
Bay-headed Tanager
Golden-hooded Tanager
Blue Dacnis
Green Honeycreeper
Shining Honeycreeper
Red-legged Honeycreeper

Genus incertae sedis

Buff-throated Saltator
Slate-colored Grosbeak

Buntings, Sparrows, & Allies

Variable Seedeater

Thryothorus nigricapillus
Cyphorhinus phaeocephalus

Poliioptillidae

Ramphocaenus melanurus
Poliioptila plumbea
